## NOTES OF A COASTAL SCAVENGER

*Since 2022 I have visited the beaches of the South Coast to collect ideas and information for a series of paintings. I was originally inspired by an invitation to participate in a group exhibition at Wollongong Art Gallery about this subject. Having once lived in Thirroul I was familiar with this coastline and from where I live in Wedderburn, NSW, I have always considered the South Coast my local beaches. Having the subject reintroduced to me was very timely and I am still working with this subject currently.*

*The landscape itself has been supported by my obsession with collecting objects as additional information to feed in to the works, namely the beach 'findings' that are included provide a more intimate and personal vision, hence the exhibition title.*
